

GUIDELINES FOR HOTELS AND OTHER LODGINGS

- 1. This document provides guidelines for the re-opening of business premises and updates to current business operations including activities permitted during the Transition Phase of the National COVID-19 Recovery Framework.
- 2. The Transition Phase will begin on 19 November 2021 and among the measures that can be implemented is the re-opening of workplaces and business premises in stages with some restrictions still in place to prevent severe cases of infections, hospitalization and deaths due to COVID-19.
- 3. The Transition Phase approach will ensure compliance with the COVID-19 Control Measures, encourage the use of Antigen Rapid Test (ART) as a measure of early detection of the infection and introduce different restrictions for vaccinated and unvaccinated individuals.
- 4. The COVID-19 Control Measures are as follows:
 - a) Use of BruHealth App
 - BruHealth Registration : All premises must register for a BruHealth QR code that is printed and placed at the entrance area.
 - Employees registration : Owners are required to ensure all their employees are registered in the BruHealth App. The employees are required to scan in/out when they arrive/leave the work premises.
 - Scan the BruHealth
 Code
 Premise owners must ensure that all individuals entering the premise scan their BruHealth App upon entry (including all employees / staff / volunteers).
 - BruHealth Code Colour : Premise owners must ensure that only individuals with BruHealth green and yellow codes are allowed to enter.

The individual's identity card must also be checked for verification.

- b) Complete Vaccination
 Premise owners must ensure that all employees / staff / volunteers who are eligible to be vaccinated (no medical contraindications) have been fully vaccinated. An individual is considered to have been fully vaccinated if he or she has received **two doses** of the vaccine in the World Health Organization (WHO) Emergency Use List or a vaccine approved by the Brunei Darussalam Medicines Control Authority (BDMCA). Vaccination status in the BruHealth app, International Vaccination Certificate or Prophylaxis Book (Yellow Book) or other acceptable vaccination record can be shown to the company management or event organizer as proof of vaccination.
- c) Social distancing Adopt social and physical distancing measures of at least 1.5 metres between individuals if possible.
- d) Premise Ventilation Owners must ensure adequate ventilation of their premises.
- e) Business Continuity
 Protocols
 Have a Business Continuity Plan (BCP) in place to ensure buiness remains operational during an outbreak such as having alternate teams and contact tracing guidelines.
- f) Antigen Rapid Test (ART)
 - Implement ART, when necessary, according to the ART Guidelines issued by the Ministry of Health (MOH).
- 5. Business premises are required to provide their full cooperation and comply with any directives issued by the Government from time to time. Any business premise owner found not in compliance with the guidelines for re-opening of business premises may be subject to legal action under the Infectious Diseases Act Chapter 204 and the premises may be ordered to close immediately.

6. Updated measures and requirements for hotels and other lodgings that includes common facilities such as swimming pools, sports facilities and cafes and restaurants

on the premises shall refer to relevant guidelines such as the Guidelines for Indoor/Outdoor Sports Facilities, Guidelines for Indoor/Outdoor Playgrounds and Guidelines for Dine-In Services at Food Premises.

6.1 GUIDELINES FOR INDOOR/OUTDOOR SPORTS FACILITIES
