

Download BruHealth
on Apple App Store
or Google Play
before arriving at the airport

Complete the user registration process to begin using BruHealth

Click on the Travel icon to begin the travel management process required for entry into Brunei

Follow the instructions to complete your information before arriving at the airport as you will need to display the completed pass at the check-in counter

Click on the Check In tab to scan the hotel QR Code upon checking in

You will be notified of the date of your swab once it has been scheduled and the result of your swab once it is available

You will also be notified when you are already to be discharged.

Remember to scan the hotel QR code upon check out to complete the entire process.
